

2.6 DIVISION OF NATURAL RESOURCE ECONOMICS

1. Outline of the Division

Division of Natural Resource Economics offers research and educational opportunities of socio-economic problems concerned with industrial activities around natural resource as well harmony between industrial development and nature conservation. This is the only division which studies the field of social science in graduate school of agriculture. Therefore, this division is characterized by comprehensive and interdisciplinary studies based on economics, bussiness & administration, sociology and historical science. Division of Natural Resource Economics is composed of 3 chairs and 8 laboratories: Chair of Management & Information of Agricultural Enterprise(Laboratory of Farm Management, Laboratory of Farm Manegerial Information and Accounting), Chair of International Agricultural Economics(Laboratory of Regional Environmental Economics, Laboratory of Food and Environmental Policy, Laboratory of Forestry Policy and Economics, Laboratory of International Rural Development). Chair of Comparative Agricultural History & Philosophy of Agricultural Science(Laboratory of Comparative Agricultural History, Laboratory of Philosophy of Agricultural Science).
